

ATTENTION: Hotel Owners/Managers

Consider purchasing a Scandia Ultra Electric Sauna Heater if you are dealing with:

- Constantly replacing expensive heating coils/elements
- Disappointed Patrons because your Sauna Heater is not working OR worse yet, your Sauna has been converted into a maintenance storage room 😞
- Patrons don't always follow rules so Sauna Heater wears out prematurely from gallons of water a day poured on, since your current sauna heater is designed to have water sprinkled on rocks for steam

Benefits of Scandia Ultra Electric Sauna Heaters:

- 100% Stainless Steel, Commercial Grade Corrosion Free Product Line
- 10 Year parts warranty / 1 year service
- Solid rock steamer tray keeps water out of electrical elements and connections, excess water just runs through floor drain
- Convection Air-Flow heats sauna faster for increased energy efficiency
- #1 Choice for Commercial Saunas
